FACULTY OF ARTS & SCIENCES

MATH 101 - Syllabus (Summer 2026)

Course Description

Calculus is a branch of mathematics developed to study continuous change, rates of change, limits, derivatives, and integrals. This course introduces the fundamental concepts of differential and integral calculus for functions of one variable and their applications in science and engineering.

Tentative Course Outline

- Functions and graphs (review)
- Limits and continuity
- Derivatives and differentiation techniques
- Applications of derivatives
- Definite and indefinite integrals
- Integration techniques with applications to area
- Fundamental Theorem of Calculus
- Special functions and their applications

Book: Thomas Calculus - 15th Edition

Instructor

Mona Al Batrouni

Office: Bliss 113

Mail: ma224@aub.edu.lb

Class Schedule & Office Hours

- *Course Starts:* **June 1, 2026**
- *Course Ends:* **July 23, 2026**
- *Class Schedule:* **Monday–Thursday, 3:00 PM–4:15 PM**
Location: Nicely 214
- *Office Hours:* **Monday & Wednesday, 4:30 PM**
Location: Bliss 113

Course Policies

- Students are expected to attend all lectures regularly and actively participate in class activities and discussions.
- Attendance and participation are important components of the course grade.
- Course announcements and supplementary materials will be communicated during class.

Exams

- *Quiz 1*: June 22, 2026, 3:00 PM
Location: Nicely 214
- *Quiz 2*: July 9, 2026, 3:00 PM
Location: Nicely 214
- *Final Exam*: August 1, 2026, 8:00 AM
Location: Nicely 320

Grading Policy

Component	Percentage
Assignments and Participation	10%
Quiz 1	25%
Quiz 2	25%
Final Exam	40%

Academic Integrity

Students are expected to uphold the highest standards of academic honesty. Cheating, plagiarism, or any form of academic misconduct will not be tolerated and may result in disciplinary action according to AUB regulations.

Accessibility Statement

AUB strives to make learning experiences accessible to all students. Students who anticipate or experience academic barriers due to disabilities or medical conditions are encouraged to contact the Accessible Education Office for support and accommodations.

Non-Discrimination Policy

AUB is committed to maintaining an educational environment free from discrimination and harassment. All students are entitled to equal opportunity and respectful treatment regardless of background or identity.
