Teaching Philosophy

I believe that mathematics should be presented as more than a collection of formulas and computational techniques. My goal is to help students understand the ideas behind mathematical concepts and recognize their connections to real-life situations whenever possible. By emphasizing conceptual understanding alongside problem solving, I strive to make mathematics meaningful, engaging, and accessible.

I also believe that a positive relationship between the instructor and students plays a crucial role in effective learning. Being approachable, patient, respectful, and supportive helps students feel comfortable asking questions, expressing their difficulties, and actively participating in class.

Ultimately, my objective is not only to help students succeed academically but also to cultivate curiosity, analytical thinking, independence, and a lasting appreciation for mathematics.

Teaching Highlights

Teaching Activity	Experience
University courses taught	5+
Students instructed	400+
Office hours and mentoring	Weekly
Course material developed	Assignments, quizzes, exams

Teaching Experience

Instructor

Summer 2026

Department of Mathematics, American University of Beirut

- Independently taught **MATH 101: Calculus I**, delivering lectures and recitation sessions.
- Designed assignments, quizzes, examinations, and grading rubrics.
- Held regular office hours and provided individualized academic support.

Recitation Instructor

Spring 2026

Department of Mathematics, American University of Beirut

- Conducted **12 weekly recitation sections** (approximately 25 students per section).
- Taught:
 - MATH 201 – Calculus and Analytic Geometry III
 - MATH 202 – Differential Equations
 - MATH 218 – Elementary Linear Algebra and Applications
- Led problem-solving sessions, reviewed theoretical concepts, and prepared students for examinations.

Graduate Teaching Assistant

2024–2025

Department of Mathematics, American University of Beirut

- Assisted in teaching undergraduate mathematics and statistics courses.
- Supported students during office hours and tutorial sessions.
- Prepared and graded assignments, quizzes, and examinations.
- Contributed to creating an engaging and supportive learning environment.

Evaluation Summary

The following table summarizes selected results from official student evaluations.

Evaluation Category	Score (/5)
Prepared for class	4.2
Knowledge of the subject	4.2
Accessibility for feedback	4.2
Communication of the material	4.1
Fairness of grading	4.1
Promotion of analytical thinking	4.1
Overall teaching effectiveness	4.1

Selected Student Comments

"Best TA ever. She arranged an extra Zoom meeting and explained the entire material to me."

"Her explanations were always very clear and she patiently answered every question."

"She was always willing to explain concepts again whenever something was unclear."

"Ms. Mona is a gem. Her explanations in class are very thorough, and the way she explains makes concepts seem easy. It was the best decision taking recitation with her."

"The instructor was exceptionally well-prepared, knowledgeable, and engaging. She explained concepts clearly, was always approachable for questions, and made the material genuinely interesting."

"The instructor made sure that everyone in class understood the material."

"The instructor genuinely cared about our understanding and created a positive learning environment."

"I learned more from her recitations than I did from the actual lectures. She was always supportive and willing to help whenever asked."

Official Evaluation Reports

The following pages contain the official numerical evaluations and anonymous student comments.

Course Evaluation - Calculus III

Numerical Evaluation

Section A - On a scale from 1 to 5 (1 = poor, 5 = Excellent) rate your instructor (online teaching and /or face-to-face teaching, as applicable) by selecting the number which best describes your judgment on each item - Score Report

	Resp	Poor	Fair	Good	Very Good	Excellent	Mean
A.1. The instructor was prepared for the class	21	1	1	4	1	14	4.2
A.2. The instructor demonstrated knowledge of the subject	21	1	1	4	2	13	4.2
A.3. The instructor was accessible for feedback	21	1	1	4	2	13	4.2
A.4. The instructor communicated his/her subject well	21	1	1	4	2	13	4.2
A.5. The instructor aroused and maintained my interest in the course	21	1	1	5	1	13	4.1
A.6. The instructor evaluated work fairly using clear grading criteria	21	1	1	4	3	12	4.1
A.7. The instructor promoted and encouraged analytical / critical thinking	21	1	1	5	0	14	4.2
A.8. The instructor facilitated teamwork	21	1	2	6	1	11	3.9
A.9. The instructor encouraged use of library and on-line resources	21	1	2	5	1	12	4.0
A.10. Overall teaching effectiveness	21	1	1	5	2	12	4.1

What do you believe the instructor has done especially well in conducting this course?

Comments
Examples
Best TA ever. I told her I'm having an issue in understanding the material during war time . and I can't attend her online office hours due to another lecture . She opened a zoom meeting for me and explained for me the whole material!!! TA are sometimes better than professors in explaining the material (Student-to-Student)
Very good explanation
she is knowledgeable
The instructor demonstrated strong knowledge of the subject and explained topics in a clear and concise manner. The pacing of the course was appropriate.
Extremely helpful whenever needed.
The sustained practice for the MCQ and TF questions involved in the course helped cover the central material of the exam.

Course Evaluation - Linear Algebra

Numerical Evaluation

Section A - On a scale from 1 to 5 (1 = poor, 5 = Excellent) rate your instructor (online teaching and /or face-to-face teaching, as applicable) by selecting the number which best describes your judgment on each item - Score Report

	Resp	Poor	Fair	Good	Very Good	Excellent	Mean
A.1. The instructor was prepared for the class	24	0	0	8	5	11	4.1
A.2. The instructor demonstrated knowledge of the subject	24	0	0	6	7	11	4.2
A.3. The instructor was accessible for feedback	23	0	0	7	4	12	4.2
A.4. The instructor communicated his/her subject well	24	0	0	10	5	9	4.0
A.5. The instructor aroused and maintained my interest in the course	24	0	0	9	5	10	4.0
A.6. The instructor evaluated work fairly using clear grading criteria	24	0	0	7	7	10	4.1
A.7. The instructor promoted and encouraged analytical / critical thinking	24	0	2	7	4	11	4.0
A.8. The instructor facilitated teamwork	23	0	4	7	4	8	3.7
A.9. The instructor encouraged use of library and on-line resources	24	0	1	6	7	10	4.1
A.10. Overall teaching effectiveness	24	0	0	8	7	9	4.0

What do you believe the instructor has done especially well in conducting this course?

Comments
Helpful.
She was always patient with students, answering all their questions no matter how silly. Very good explanations, very clear. My favourite math instructor.
Ready to explain again if something was unclear, picked good problems to solve in class that made sure we were ready for the test
Solving all questions in front of us and interacting with us at the same time.
The instructor did an excellent job delivering the course. Her explanations were clear, engaging, and easy to follow. She was always supportive, responsive to students' questions, and genuinely cared about our understanding. This made the course more enjoyable and effective.
Knowledgeable
